

# FORCE UNIT Key Terms

TASK: Define using scientific definitions (hand written)

If it was NEW to you or PREVIOUS knowledge (CODE)

Where you got it (book, website, friend, adult, mind)

Format: TERM: definition. Source; New or Previous knowledge

1. Acceleration
2. Air Resistance
3. Buoyancy
4. Calorie
5. Collision
6. First law of Thermodynamics
7. Force
8. Freefall
9. Friction
10. Gravity
11. Impulse (physics)
12. Inertia
13. Joule
14. Kilo
15. Mass
16. Meter
17. Momentum
18. Newton (not the guy or the cookie)
19. Newton's first law of motion
20. Newton's second law of motion
21. Newton's third law of motion
22. Pressure
23. Projectile
24. Propulsion
25. Speed
26. Torque
27. Unbalanced Forces
28. Velocity
29. Watt
30. Weight
31. Weightlessness
32. Wing
